**EXHIBITOR INFORMATION:** All dogs must be on a short leash and under control while on trial grounds except while showing. FLEXI LEASHES ARE NOT PERMITTED. There is NO SMOKING inside this facility or on the grounds due to the risk of fire. If you must smoke you will need to do so inside your vehicle and dispose of the butts in the vehicle. Please pick up after your dog and dispose of waste in appropriate containers outside the building.

**GENERAL INFORMATION:** Please bring weather appropriate gear. These trials will be held under cover but the facility is affected by the outside temperature.

**Bitches in season (BIS)** must be declared by owners in advance of the trial to the trial secretary. Email the trial secretary as soon as possible or if you expect your bitch to be in season. There will be a designated parking area and a designated potty area for BIS. Bitches in season **MUST** wear clean britches at all times, except when pottying. BIS will be run last and put into a separate blind. Owners are expected to keep their BIS in the car or in a crate in the designated BIS blind until it is time to run. Signs will be posted indicating the designated BIS areas. Anyone violating the designated areas with a BIS will be dismissed from the trial without refund.

Please bring adequate water and shade for you and your dogs. There will be a snacks, beverages, and lunch available on site and there are also numerous fast food restaurants within 10 minutes of the trial. There are indoor restrooms at the site. There is also a doggie swimming pond on site that will be available to all competitors except for BIS. ***The agility arena will be off limits unless rented by a competitor. The canine dock diving pool will be off limits during the event, but available for rentals / lessons after the event. Please note: BIS are never allowed in the agility arena or canine dock diving pool.***

Ribbons will be provided for all qualifying rounds. Placement ribbons for 1<sup>st</sup>-4<sup>th</sup> place will also be available. Title ribbons, Fastest Find medals, and RATCH Rosettes are also available.

**REFUNDS:** No refunds will be offered for pre-entries after the first closing date. No refunds will be offered for late entries or add-ons. If the entered dog is ill or injured, and a veterinarian's note is provided, and if approved by the trial committee, a voucher for a future event may be offered.

#### Height Divisions

Height divisions are to equalize efforts for dogs of the same general size.

- Small: Dogs 15" and under
- Medium: Dogs 15.1 to 22"
- Large: Dogs over 22"

#### General Course Rules

Handlers can and should move around the course while the dog works to be able to view and call the mark of the correct live rat tube. Handlers can speak at will and verbally praise and encourage their dog.

- 1) Handlers may not bring food or toys into the ring.
- 2) Handlers may not self-time in the ring using a watch or any other timing device.
- 3) Handlers may not enter the ring with bait bags, pouches, or other attachments (including cameras).
- 4) Handlers may not deliberately touch, step on, or step over any bales, boards, ramps, bridges, or tubes.
- 5) Handlers may not deliberately touch their dog at any time after the release from the start box and before the finish of the course except for during the period after a live tube is correctly located.
  - Body blocking, pushing, or nudging the dog with hip, knee, leg, or foot, is considered deliberate touching
- 6) Handlers may not berate, bully, intimidate, or otherwise verbally abuse their dog, the judge, or any person in or around the ring.
- 7) Handlers may not curse in the ring.
- 8) No grabbing, scruffing (grabbing/pulling the skin/hair on the dog's body), shaking, or pulling or holding the dog by the tail is allowed.

9) Handlers may not use obedience commands (i.e., sit, down, stay) to position their dog in order to move to another portion of the course such as the other side of the tunnel to call the dog to them.

- Handlers may use a command such as "Wait" or "Stay" for safety reasons in order to keep a dog from launching off a high bale, and may use an obedience command to position the dog in the start box prior to release.

10) Handlers may encourage the dog to search certain areas, climb and/or tunnel through voice and/or hand gestures.

11) Picking up/carrying may not be used as a punishment/corrective action or if carrying will be physically uncomfortable for the dog (i.e., attempting to carry a larger dog). Carrying should be done in such a way as to be physically comfortable to the dog. Flipping the dog onto its back to remove it from the course is considered a corrective action and will result in an NQ.

- Dogs may not be picked up or carried to remove them from a rat tube or lift them down from high places.

12) Spectators can cheer the handler/dog but cannot double-handle.

13) Teams who do not successfully find a live rat tube within course time, who indicate an incorrect tube, or who find one or more live rat tubes but do not find the next or final rat tube, are to be taken to the next/final tube before exiting the course.

14) Handlers may request to be excused from the course and accept an NQ score (i.e., dog has stopped working, is stressed, or is out of control)

15) Elimination on the course is an NQ (non-qualifying) score for the dog, and the dog must be immediately removed from the course and is not allowed to continue. Elimination includes urination, defecation, and/or spitting up/throwing up.

**<http://www.barnhunt.com>**

**Site Description:** The barn hunt barns are located inside a fully fenced ring with signs that say “West Ring. The barns are metal carports with non-slip rubber matting on the ground. They have a solid wall in the back (the side of each structure facing the driveway), and half-walls on the sides, with lattice-work from the half-wall to the roof for airflow and to allow natural light. There is 4-foot black metal fencing in the front of each barn (side facing the exhibitor tenting area), with one gate, making the barn fully fenced in. The Senior/Masters barn is 20’ x 40’ and has a tan roof. The Instinct/Novice/Open Barn is 20’x20’ and has a red roof.

The blind (#13) is a metal carport with three open sides for air flow.

The bitches in season quarantine area is shown at #20 on the map and will be clearly labeled with pink flagging tape and pink signs. Competitors should park in the designated BIS spot (#20) and only potty their dogs in the designated BIS area (#20). Bitches in season will be blinded in their vehicles and will enter at a gate near the BIS area (#15).

The site is wheelchair accessible and handicapped parking is marked and located close to the Instinct/Novice/Open blind, as well as close to the bathrooms and clubhouse (where lunch is served). A golf cart is available for transportation as well.

The pond is available for competitors to use for free during the event. The covered agility arena can be rented, but only if the dog has had at least 30 hours of formal agility training. The canine dock diving pool is will NOT be in use nor available during our event.
